direction have been further intensified in the recent months. The Minister of State (Internal Security) has visited the State a number of times and has met a large number of people including political personalities in different parts of the state. A multi-party delegation had also visited other parts of the state recently. The Governor has also been touring the state extensively, and meeting the people with a view to activating the political elements and bridge the gap between the administration and the people. As a part of these efforts Government is willing to talk to anyone provided they are willing to shun the gun and contribute to the restoration of normalcy.

Permanent rehabilitation of migrants from Kashmir outside the state is not contemplated. It is hoped that they will be able to return to the valley with the improvement in the situation there, for which sustained efforts are being made.
